NUMBER 60

FAST HUSKER BACKS BEAT TIGERS, 12 TO 5

Score Two Touchdowns on Muddy Field—Missouri Counts Kick and Safety.

LEWIS MAKES GOAL

Dale's Misplay in First Period Gives Miller's Men an Early Lead.

Nebraska's heavy team, with Dale, 195-pound fullback, starring, defeated the Tigers in the mud on Rollins Field by a score of 12 to 5 this afternoon. Schulte's men, playing fiercely from whistle to whistle, won their first victory of the 1919 season.

The Husker backfield, despite the absence of Captain Dobson and Hubka, was too fast and heavy. Dale, who has been playing below expectations this season, came into his real form and gained consistently. Henry, too, carried the ball well, his 28-yard run in the second quarter accounting for the first Husker score. The second Nebraska touchdown came in the third period, when Dale, receiving a forward pass from Newman, crossed the Tiger line. Young failed at both goals.

"Chuck" Lewis played his usual dependable game, although in the punting end of the game his opponent, Russell, averaged about five yards better. Lewis' drop-kick from the 20-yard line in the second quarter scored three of the Tiger points. The other two came in the first period, when Dale, receiving a Missouri punt near his own goal line, ran back across the line and was downed for a safety and two points.

Collins' 30-yard run was the feature of the game from a Missouri standpoint. Sylvester, who went in near the end of the game, also carried the ball well. The Tiger line fought fiercely and toward the end of the game was holding the Husker offense well.

Nebraska kicked off, Missouri defending the east goal, to Travis who returned to the 35-yard line. Viner made 5 yards on the first down and on the second Lewis kicked to Nebraska's 28-yard line. Nebraska failed to gain through the line and punted to Forster. Missouri also failed to gain and Lewis kicked. The ball was called back and Nebraska penalized 5 yards for offside.

After two more plays Lewis punted again to the Nebraska 15-yard line where Stankowski was hurt, retiring in favor of Packwood. The ball was again called back and Nebraska penalized 5 yards more.

Tigers Score on Safety.

On Lewis' next kick the ball rolled in front of Nebraska's goal where it was retrieved by Dale. He fell behind the goal and was tackled for a safety. Score: Missouri 2, Nebraska 0.

The ball was put in play on the 20-yard line, and after failures at the line Nebraska kicked to Packwood a foot outside. Viner made 4 yards through the line. After two more tries Lewis kicked to Dale who returned 15 yards. On the next two plays Dale made first down. Nebraska then kicked to Packwood. Viner and Peterson made 5 yards and Forster was thrown for a 5-yard loss. Lewis kicked to Newman who returned 10 yards. Dale broke through and sprinted down the field for a 30-yard gain. Two line plunges failed to gain and the quarter ended with the ball in Nebraska's possession on Missouri's 22-yard line. Score: Missouri 2, Nebraska 0.

At the opening of the second quarter Nebraska attempted an unsuccessful forward pass and then tried a drop kick. The kick was blocked, and Missouri recovered the ball on the 18-yard line. Lewis punted on the third down and it was blocked, Nebraska recovering on the 30-yard line. Henry made 10 yards. Collins went in for Peterson. The Tiger line held for two downs when a forward pass, Russell to Henry, made 5 yards. Again the line held and Missouri took the ball on her own 3-yard line.

Cornhuskers Score on Long Run.

Lewis punted 50 yards to Newman who returned 12. Nebraska made first down on four plays and then Henry dodged down the field for 28 yards and a touchdown. Young failed to kick goal. Score: Missouri 2, Nebraska 6.

An exchange of punts and a 10-yard penalty for each team gave Missouri the ball on her own 1-yard line. Lewis punted to Dale who fumbled and Viner fell on the ball. Collins tore through the line for 15 yards and Missouri's first first down. A forward pass, Lewis to Ruth, gained 30 yards. Edwards went in for Collins. Lewis made 5 yards, Edwards, 1 and Lewis drop-kicked goal. Score: Missouri 5, Nebraska 6.

At the opening of the second half, Collins kicked off to Henry who returned 29 yards. On the second play Russell kicked off to Henry who

returned 20 yards. On the second play Russell kicked off over the Missouri goal. The ball was put in play on the 20-yard line and Collins smashed through the line for a 38-yard run. After an exchange of punts Russell attempted a field goal but the kick went wild. Nebraska kicked off to Lewis who, after three plays, kicked. The punt was blocked, but Lewis recovered the ball and punted 20 yards.

Nebraska Scores Again.

Lyman kicked off to Travis on the 40-yard line. Collins made 1 yard. Sylvester went in for Viner and made 6 yards. Packwood made 3 yards and first down. A forward pass, Lewis to Packwood made 10 yards more and the quarter ended. Score: Missouri 5, Nebraska 12.

A forward pass was intercepted by Newman on Nebraska's 20-yard line. Russell kicked out of bounds on Missouri's 50-yard line. Sylvester made 3 yards and then 4 more. A bad pass lost the Tigers 15 yards and Lewis punted to Newman who returned 15. Henry made 2 yards and followed it with 25 around the right end. Missouri recovered a fumbled forward pass. Sylvester made 13 yards around the left end, Collins made 2, Edwards 1. Missouri was penalized 5 yards and Lewis punted 40 yards to Newman who returned 8. After failure to gain, Russell punted to Packwood who was downed in his tracks. Lewis was thrown for a 5-yard loss and punted 70 yards outside.

Cross went in for Packwood and Shellenberg for Henry. On the last of an exchange of punts Newman returned 30 yards on a 40-yard kick. Nebraska made a series of gains and King was sent in for Blumer. Dale attempted a field goal from the 45-yard line but the kick fell short and the game ended soon thereafter.

YOU WILL GET THAT ARMY FOOD MONDAY

Local Postoffice Will Begin Distribution of Material Next Week.

DELAY IS EXPLAINED

Orders For Goods Were Taken Before Material Reached Agents.

Government food supplies which were ordered by Columbia people last August, will be distributed Monday. Money for the goods which has not been shipped will be refunded at that time. The delay in shipping the goods is due to the fact that postmasters in this part of the country received instructions to take orders for the food before it had been sent to the distributing agents.

About 70 per cent of the orders taken here can be filled. The lists which were sent out last summer gave all of the supplies available in the United States. Many of these were exhausted before they reached the Middle West. No syrups, extracts, cocoa, canned cherries or crackers were received in the St. Louis office. Other orders will be short.

Colonel D. S. Stanley, zone supply officer, has notified L. J. Hall, postmaster here, that while postmasters all over the country are being held responsible for the delay in delivering the surplus food, the responsibility does not and never has rested on them. They have acted throughout on the directions of the postmaster general. The work of distributing the supplies to the entire country, checking up, and refunding the money for food not delivered, has taken this long time. The postmasters have accomplished their part of the work exceedingly well, Colonel Stanley says. The postmasters of Missouri are to be congratulated on the efficiency with which they have performed this task, he writes.

TELLS OF PAST TIGER HEROES

George C. Willson Recalls "Chuck" Wilson's Prowess at Mass Meeting.

The prowess of Tiger teams of other days was recalled last night by George C. Willson, student president in 1913-14, whose talk was the climax of the Homecoming mass meeting in the University Auditorium last night. Willson's talk was pointed by references to Tigers of other years, the story of how "Chuck" Wilson and "Peaches" Graham, 150-pound centers, used to fight their 200-pound Kansas opponents off their feet.

"Chuck" and "Peaches" are gone," said Willson. "They sleep tonight in the land they died to save. But their spirit lives again in the Tigers of today. While the memories and traditions these men left live, there can be no doubt of what the Missouri spirit will do."

Willson told of the Ames game in 1913, when the Tigers went down to an ignominious 28-0 defeat on Rollins Field. He told of how the Missouri rooters backed their team to the final whistle, and then, as the defeated Tigers left the field, the crowd to a man stood and sang "Old Missouri." Clyde Williams, the Ames coach, pronounced it the most impressive example of college spirit he had ever seen. "You may lick 'em," he said, "but you can't make 'em quit."

W. B. (Bottles) Burruss preceded Willson. "We all wish Schulte well," he said. "We wish Nebraska well. We want to see Nebraska and Schulte win—after tomorrow. The Tigers have something else on the program for tomorrow."

President A. Ross Hill returned from St. Louis last night in time to speak at the meeting and welcome the homecomers. He warned against overconfidence, especially in respect to Washington.

Coach Miller and Anton Stankowski, Tiger Captain, were the first speakers on the list, and made short, but snappy talks.

A feature of the meeting was an electric display prepared by the engineers. "Eat 'em up, Tigers!" was spelled in electric lights above the stage and the words flashed on as the rooters gave the yell. A large Tiger was uncovered in the center of the stage and a spotlight played on it.

COLUMBIA IS HOST TO HUNDREDS TODAY

Homecoming Alumni Fill All Incoming Trains for Last Two Days.

LINE PARADE ROUTE

2,000 Students March in Spectacle, Pronounced Best Ever Seen Here.

Columbia and the University greeted the thousands of alumni, former students and other visitors, today with open arms.

Four hundred and fifty persons arrived on the 8 o'clock Wabash this morning. Two hundred and fifty of this number were from in and about Kansas City, and 200 were from St. Louis. There were more than two hundred alumni and former students who came to Columbia on the Wabash yesterday afternoon. The conductor on the M. K. & T. said that all trains on that line coming to this city yesterday were crowded. Two additional Pullmans and six extra chair cars will be added to a Wabash train that will leave Columbia at 9 o'clock tonight to make connections at Centralia.

Boone Tavern Is Crowded.

"Looks as if we're going to have to hang about a million of these homecomers up on nails or something," said the clerk at the Daniel Boone Tavern this morning. All the rooms at the hotel and about thirty or forty cots were used last night. However, the fraternities, sororities and rooming houses have thrown open their doors and the Y. M. C. A. and Commercial Club officers said this morning that the visitors were being taken care of.

Homecomers thronged the streets this morning to watch the big Homecoming Parade, twelve blocks long. Eighteen hundred persons and thirty-five floats made up the parade.

Calls Parade Best Ever.

"In the forty-four years I have lived in Columbia, I have never seen a bigger or better parade," said Tom Lee, as he applauded one of the floats. Thousands of persons lined the itinerary.

Sam Broadbent and Paul Jenkins, parade marshals, gave the signal at 10:15 for the parade to move. President A. Ross Hill and the deans of the various schools of the University occupied two automobiles at the head of the parade. A thousand members of the R. O. T. C. and their officers marched next. The Band led this section of the parade.

Uncle Sam held the reins in a patriotic vocational agriculture float. The members of the Women's Athletic Association depicted loyal Tiger supporters. A white float on which was a large blue triangle carried the Y. W. C. A.'s representatives. University women were characterized by girls seated about a replica of the Columns. Officers of the Y. M. C. A. occupied a car decorated in black and gold.

Parade Has Bolshevik Float.

A sewing machine buzzed merrily on the home economic girls' float, where the young women demonstrated their ability at making clothing. In contrast to this domestic scene marched a wild Bolshevik, with a hangman's noose about his neck. At the other end of the rope was a farmer, who carried a paddle and flourished it menacingly. A small pig was driven by two farmers. The pig was tired. But the farmers used a paddle for persuasion. Then came the farmers as a body, led by a tractor.

Si and Mirandy, leading the short course students, were oblivious of the crowd as they "drove" in their cart to market. "Back to Nebraska" read a placard on an ambulance bearing an unconscious, bruised and broken "Cornhusker" player. The short course girls reminded the onlookers of the nearness to the luncheon hour, as they worked in their kitchen. "The Bull That Beat Nebraska" was led by an "Ag" student.

Globe Represents Geology.

The corridors of Academic Hall were occupied by the school politicians. A globe, representing the world as their field, was in a car in which rode geology students. High finance was carried on in an office occupied by commerce students. A discordant band in the engineers' section played "It's Hell to Be an Engineer." Their "waist line" street car was propelled by foot power. A huge loving cup trophy was borne on the Athenaeum float.

The lawyers, in their court, were deeply concerned with legal matters. And the mule was there, too. A senator in the law school rode him. The Student Volunteer Band had a float in the parade. The medics showed deep concern over an operation by some of the skilled members of their school. The patient was still living at the end of the parade.

Scramble for Parade Extra.

"Peered Extra! All about the Homecoming! Read it and go wild!" Onlookers scrambled madly for a copy of the annual Homecoming Missourian, issued by the journalists, as

the printing office rolled along the streets. The office was complete from the devil to the editor. After the office came journalists representing in costume the different sections of a paper, from the colored supplement to the society section. The sport section representative appeared to have failed to read the prohibition news.

Thirty minutes was required for the parade to pass a given point. The line of march was north on College to Broadway, thence west to Sixth street, south on Sixth to Elm, thence to Ninth and south on Ninth to Conley, where the parade disbanded.

The Homecoming Hop in Rothwell Gymnasium at 8:30 tonight will be the closing event of the day. Tickets are selling well.

NATION-WIDE UPRISING BY REDS IS STOPPED

U. S. Agents Frustrate a General Revolution Planned for Today.

600 WERE ARRESTED

Move Organized by Bolshevik Plotters in Russia—Raids in Many Cities.

By United Press.

A nation-wide revolution plot on the United States, appearing to have originated in Russia, was frustrated last night in a series of raids by federal agents.

The uprising, which was to have started with a general demonstration today, was prevented by the raids by the Department of Justice, in more than a score of cities. Six hundred men and women were arrested.

The move was directly in charge of Russian workers. It was organized in Petrograd, and was said to include 7,000 members in this country, who were ready to establish their own form of government as soon as the United States government was overthrown. The number of arrests in the cities follow:

Chicago, 200; New York, 150; Detroit, 50; Newark, 39; Philadelphia, 30; Ansonia, Conn., 27; Youngstown, Conn., 15; Baltimore, 8; Hartford, Conn., 2; St. Louis, 2; New Haven, Conn., 2; San Francisco, 2.

Has Operated for 10 Years.

(By RALPH COUGH)
(United Press Staff Correspondent)

WASHINGTON, Nov. 8.—Raids upon radicalism, which began last night and continued today, constitute a nation-wide campaign by the Government to suppress the union of Russians. Assistant Attorney General Garvin announced today. Garvin has a copy of the constitution, which preaches thousands to bring about revolution in the United States.

"The society has branches in almost every part of the United States," he said. "It has been in operation for more than ten years."

The purpose of the society was to overthrow the United States government.

The 7,000 members of the organization were prepared to begin the formation of their own government as soon as the United States Government was destroyed. At Newark a complete counterfeiting plant which was to be used to make money for the Bolshevik regime was found. Bundles of Bolshevik currency were already prepared.

In last night's raids red flags, revolvers and guns were taken, it was announced by the Department of Justice.

"The organization is more radical than the Bolsheviks," it was said. Last night's raids included Akron, Ohio, New York, Chicago, Pittsburgh, Philadelphia, Detroit, Baltimore, Newark, and Elizabeth, N. J., and Hartford, Waterbury, Bridgeport, New Haven, and Seymour, Conn.

SENATE WARNS LABOR

Must Get Rid of Radicals—Collective Bargaining Is Conceded.

By United Press.

WASHINGTON, Nov. 8.—Warning that labor must rid itself of ultra-radicalism was made evident when the Senate labor committee today made a report to Congress on its investigation of the steel strike. It said the employers must recognize the right of collective bargaining.

Reds used the steel strike to further their interests the committee charged, and expressed regret that Samuel Gompers of the American Federation of Labor had not more firmly dealt with them. The committee's program of legislation follows. Establishment of a board similar to the war board, with power of compulsory investigation, mediation, and conciliation, but no power of compulsory arbitration.

Federal aid as an encouragement to home owning.

Revision of immigration laws. The committee criticized William Foster, strike leader.
